Best Peace Insurance.

Rear Admiral Joseph B. Coghlan, recently retired, is quoted at length in The American Tuesday on the sending of the battleship fleet to the Pacific and in advocating an increased navy. Both these measures, the Rear Admiral contends, would be moves toward peace.

"The plan to mobilize a great fleet in Pacific waters," the Rear Admiral is quoted as saying, "is the most strategic move for peace which could possibly have been taken, and shows the necessity of more ships. To duplicate the United States navy would cost far less than to maintain a six months' war with Japan or any formidable foreign Power."

"An appropriation of \$150,000,000 would build and equip twenty modern battleships and give the greatest navy in the world—a sea fighting strength that would preclude all possibility of menace to the commerce of the land possessions of the country."

The statement that Japan is straining every resource to prepare for war is also attributed to the Rear Admiral.

Good Two-Year-Old.

S. D. Burbridge's good two-year-old filly, Little Duchess, paced a mile for her trainer, W. A. Owings, last Saturday, in 2:23, the half in 1:10 and the final quarter in 33 1/2 seconds. Little Duchess is by Prodigal 2:16, out of an Electric Bell mare.

Woman Peculiarly Affected.

Mrs. Quintilla Earles is said to be the most remarkable woman in the United States. She lives in a house erected one hundred and twenty-five years ago in the Rogers church locality, south of Danville, in Casey county. She was born in the house in which she lives. Heat affects her just the same as cold, and in these sweltering days she sits beside a roaring, old fashioned log fire, with doors and windows closed.

She suffers just as much with cold on the hottest July and August days as she does during the bleak, zero days of December and January. When she takes a trip to a neighbors house or to the county seat, she wraps up her ears and head, wears overshoes and heavy cloak. Mrs. Earles has throughout her life been so constituted and does not know what it is to be effected by heat. Her mind is clear and she remembers distinctly happenings of more than three-quarters of a century ago and is an entertaining talker.

Mrs. Earles is a devoted member of the Rogers church, but has never been able to agree with the members on raising the windows and allowing the doors to stand open in summer time. However, during recent years she has become reconciled with a couple of foot warmers and a heavy cloak which she wears during the services. She sleeps under two blankets and three comforts and keeps a big fire going all night in her little low ceiling room.

Entertainment For Benefit of Public School.

The announcement printed below has been issued of a series of splendid entertainments to be given this Fall and Winter to raise funds to secure a library, apparatus, etc., to replace those destroyed by fire. The public should be liberal in its patronage of these entertainments as the proceeds will be used to add a number of necessities to the public school. The announcement is as follows:

"A Course of Five great entertainments, under the auspices of the Public School authorities, will be given during the Fall and winter as follows:

"Maro, and the Saxophone Quartette, is a unique combination whose fetes are brilliantly original, highly amusing and tantalizingly mysterious.

"Ralph Bingham by his Wit and Humor has made the nation laugh.

"Col. Edgar's splendid Lecture on Stonewall Jackson has captured the Press and Literary critics in five states.

"Ross Crane, the incomparable cartoonist, combines in his presentations the sister arts of Music, Painting, Sculpture and Oratory. 'He is unquestionably the greatest one man entertainer on the American platform.'

"The last number of the course will be given by the Parland-Newhall Co., rare combination of artists who produce the most delightful music of Band, Bell and Voice.

"Season tickets for adults, \$2.00; for students or children under 12, \$1.25.

"Owing to the destruction of our school building by fire our Public Schools are destitute of Library and apparatus. The great expense of renting buildings for this year and erecting a new one has caused us to adopt this method of raising what money we can for much needed supplies.

"We feel certain the entertainments offered will be well worth the price asked and trust that all who can will at once subscribe for season tickets."

Bitten By a Spider.

Through blood poisoning caused by a spider bite, John Washington, of Bosqueville, Tex., would have lost his leg, which had become a mass for running sores, had he not been persuaded to try Bucklen's Arnica Salve. He writes: "The first application relieved, and four boxes healed all the sores." Heals every sore. 25c at Oberdorfer's the druggist.
